## POLICE AFTER HACK DRIVERS

INCOMPETENT ORIENTAL DRIVERS ARE BEING WEEDED OUT OF LIST OF LICENSED DRIVERS.

Pursuant to a number of complaints that have been made regarding the incompetence of Oriental hack drivers, High Sheriff Brown has taken a personal supervision over the hack drivers with a view to weeding out any who are incompetent.

Whenever applicants come up for new licenses or to have old licenses renewed, the High Sheriff has detailed some competent officer to examine the qualification of the applicant. This rule has been strictly enforced during the present month. The result has been that no less than four Oriental drivers who were incompetent have had denied licenses or renewals. The High Sheriff is also having the examinations extended to include the ability of the drivers to speak the English or Hawaiian languages.

### SIGHTS THE PARAMITA.

SAN FRANCISCO, May 23.—After a rather long trip of twenty-three days from Honolulu the bark Mohican, Captain Kelley, reached port yesterday with 23,143 bags of sugar. The vessel reported having spoken the American ship Paramita, thirty-one days out from Honolulu for this port, on May 11 in latitude 33 deg. 22 min. north, longitude 147 deg. 45 min. west. The Mohican also spoke the British bark Tronquate on May 1st in latitude 23 deg. 22 min. north, longitude 159 deg. 2 min. west, bound from Honolulu to Puget sound.

## ALAMEDA BRINGS SEVEN DAYS MAIL

HAS BIG CARGO OF FREIGHT FOR THIS PORT BUT BROUGHT FEW PASSENGERS.

The S. S. Alameda was sighted off Koko Head this morning at 8 o'clock from San Francisco. The vessel left San Francisco May 23 and was a days, 22 hours and 25 minutes coming to port.

Considerable delay in passing the vessel occurred while she was in quarantine. Two of the sons of Mrs. C. B. Wells were ill with chicken-pox and the quarantine doctors were careful in passing on the two cases before the steamer was permitted to enter the harbor.

The vessel experienced two days of the strong northwest gale that has been prevailing for two weeks past off California. The remainder of the trip was pleasant.

The Alameda brought 1330 tons of freight for this port. She had a small list of passengers.

F. C. Atherton returned from a trip to the mainland.

Mrs. C. B. Wells and two sons were among the arriving passengers.

Mrs. Colonel French of the Salvation Army also arrived. Colonel French was greeted by the local Salvation Army corps, the band being at the wharf and discoursing the usual sweet music.

George C. Beckley, Jr., was a returning passenger.

Judge Luther Wilcox did not return on the vessel.

On May 25, at 1 a. m., the Alameda sighted an American barkentine standing west in lat. 32.45 north, long. 133.23 west.

The Alameda will sail for San Francisco Wednesday morning about 9 o'clock.

## SENATE PASSES THE \$7,000 BILL

AFTER SOME DISCUSSION THIS MORNING THE ITEM FOR PRINTING HOUSE JOURNAL PASSED.

There was a fight in the Senate this morning against the final passage of the house bill appropriating \$7,000 to pay for printing the House Journal. The measure passed however at that amount.

When the bill came up on third reading, Senator McCandless offered an amendment providing that not more than \$1.35 a page was to be paid for printing the document. Senator Dickey offered an amendment, which was accepted by McCandless, providing that bids must be advertised for and the contract for both printing and translating, be awarded to the lowest responsible bidder.

Senator McCandless made a strong fight against the attempt to pay 72 cents more a page, than the Senate was paying for its journal printing. Senator Dickey protested against the spending of the public funds.

Senator Achi said that Senator Dickey had not been so mindful of the public money when voting for a trail and a hotel on Haleakala. The amendment was defeated and the previous question moved, the vote on the final passage of the bill standing, ayes: Achi, J. T. Brown, Crabbe, Isenberg, Kalua, Kalaokalani, Kaohi, Nakapapa and Woods. Noes: Paris, Dickey and McCandless.

The Senate Bill appropriating \$15,000 to defray the expenses of the House for the present session, was called but action was deferred as a House measure concerning the same point was received. The House measure was given first reading.

Second reading of the Senate's Eighteen Months' appropriation bill was deferred until Monday.

A report was received from a special committee regarding various items that should be paid by the counties instead of the Territory. The report was tabled, to be considered with the bill.

The Senate adjourned until Monday morning.

**Keep Cool**

In hot weather there is nothing so refreshing and delicious as a glass of our soda. Soda to be good must be made right, served right and taste right. There is a vast difference in quality. People walk several blocks to get our soda. There's a reason for it. They are sure of a delicious beverage not a lukewarm, sickish drink. Ours has vim, snap and fizz that makes soda popular.

Our water ices seem to take the popular fancy. We serve a different one every day. These are made from fresh fruit.

We have a large store and large soda counter. Don't feel that you must hurry. Make our store your headquarters when down town. We have plenty of chairs. Use them. Use our telephone, leave your packages here while shopping. Remember, we cordially invite you to do this and are pleased when you make use of our store.
